

Boy Scouts of America

Far East Council, Asia East District

cordially invites

the Scouts Association of Japan

to the First Annual

American Frontier Camp

sponsored by Asia East District

The Asia-East District presents a new event to continue our friendship with the Scouts Association of Japan. This year, we offer the “American Frontier Camp”, an event to introduce a little bit about our American Heritage. Many of the activities are favorites of our scouts and include activities to hone one’s skill in surviving the Frontiers of America. Activities include shooting, archery, hatchet throw, and fire making.
